**A** is for the big **ARK** that's made~of wood and bark (3 times).  
(like a cheering team) A! A! A! is for ARK!

**Bible Story:** Kids, the ark that God told Noah to make is made of wood. The wood came from the many trees that Noah and his sons had cut. The wood is called gopher. These trees are strong for the making of the ARK. Noah and his sons cut and cut and cut until much wood were gathered.

God saw that Noah was obedient. The ark was made for the safety of Noah and his family together with the animals on board.
